PROFILE

Frontend Engineer with hands-on experience in building live production web applications using Next.js, React.js, TypeScript, JavaScript, and Tailwind CSS. Skilled in developing responsive UIs, integrating REST APIs, working with Swagger-based API documentation, and building booking platforms, admin dashboards, and operations panels. Strong full-stack understanding with knowledge of Node.js, Express.js, MongoDB, PostgreSQL/pgAdmin, Redis, Docker, authentication workflows, and production backend collaboration.

EDUCATION

Bachelor of Computer Applications (BCA)
Manipal University Jaipur

2023 – 2025
Jaipur

SKILLS

- Next.js, React.js, TypeScript, JavaScript, Tailwind CSS, REST APIs, Swagger, Git/GitHub, Docker, Redis, PostgreSQL

PROFESSIONAL EXPERIENCE

Frontend Engineer - RodBez

09/2025 – Present
patna, Bihar

- Developed and maintained multiple production-grade web applications including cab booking website, operations panels, admin dashboards, and internal business tools.
- Built scalable and responsive frontend modules using Next.js, React.js, TypeScript, JavaScript, and Tailwind CSS.
- Integrated REST APIs for location search, fare estimation, OTP authentication, booking creation, ride status, customer profiles, payments, and dashboard workflows.
- Developed user-facing booking flows and internal operational workflows including forms, tables, filters, detail pages, status updates, and data-driven UI.
- Worked with backend teams using Swagger/API documentation, Redis/database workflows, authentication systems, and production debugging.

Frontend Developer Intern – Prishal Technolabs Pvt. Ltd.

06/2025 – 09/2025
Patna Bihar

- Learned frontend development and real-world project workflows through live company projects, meetings, and team collaboration

PROJECTS

RodBez Cab Booking Website

2026

- Built end-to-end frontend flow for a live cab booking platform including pickup/drop search, fare estimation, cab selection, OTP verification, booking confirmation, route preview, and payment flow.
- Integrated backend APIs for autocomplete, ride services, customer login, booking creation, booking details, and profile management.
- Implemented responsive UI using Next.js, TypeScript, Tailwind CSS, Google Maps, and Razorpay.

RodBez Operations Panel / Admin Dashboard

10/2025

- Developed internal dashboards and operations panels for managing bookings, ride requests, customers, drivers/fleet workflows, and operational statuses.
- Built API-connected dashboard screens with dynamic tables, filters, forms, detail pages, status flows, and authentication-based workflows.
